*SafeKey Program: This is an industry standard program. We keep two sets of your keys. The first key is used to access your home for dog walking, pet sitting or pet taxi services. The second key is kept in our office as a back-up in the unlikely event that the first is either lost, broken, or fails to work in your lock for any reason. Participating in this program enables us to be fully ready to provide you with immediate services when you need us without having to plan a meeting to pick up your key. This program also makes it easy for us to provide you with immediate coverage should you ever have an emergency, or for any other short notice situation. Ask about joining our SafeKey Program at your initial consultation. There is no fee to join the SafeKey Program if you activate it during your initial consultation.
